

DAILY NEEDS GROCERIES WEBSITE

A PROJECT REPORT

Submitted by

ANGEL GALI

in partial fulfillment for the award of the degree
of

BACHELOR OF COMPUTER APPLICATION

IN

COMPUTER SCIENCE AND ENGINEERING

Lovely Professional University, Punjab

OCTOBER 2024

Lovely Professional University, Punjab

BONAFIDE CERTIFICATE

Certified that this project report

"DAILY NEEDS"

is the bonafide work of "ANGEL GALI" who carried out the
project work under my supervision.

Signature of the Supervisor

Abstract:

Online grocery Store is a way of buying food vegetable and other household necessities using a web-based shopping service. There are two basic methods that people can use to purchase these items online. One is to order them from a local grocery store that participates in online shopping.

CHAPTER - 1

Introduction To

"DAILY NEEDS"

Welcome to "Daily Needs" Groceries Store – your one-stop online destination for all things fresh, convenient, and affordable! We're dedicated to bringing you the highest quality products, from fresh produce and pantry staples to specialty items and household essentials, all delivered right to your door. With a user-friendly shopping experience, secure payment options, and fast delivery, we make it easier than ever to get your groceries without the hassle.

Explore our wide range of options, enjoy personalized recommendations, and discover unbeatable deals every day. Shop with us and experience a seamless, stress-free grocery experience that puts your needs first.

CHAPTER - 2

Project Overview:

Purpose: The Groceries Website project aims to create a comprehensive online platform that provides a seamless and user-friendly grocery shopping experience. The platform will cater to a wide audience by offering a diverse range of products, from fresh produce and everyday essentials to specialty and international items. Users will have the convenience of browsing, ordering, and receiving groceries from the comfort of their own homes.

Key features include an intuitive navigation system, real-time inventory updates, personalized product recommendations, secure payment options, and an efficient delivery tracking system. The website will also include special features like a favorites list, dietary and allergen filters, seasonal deals, and subscription options for regular deliveries.

Our goal is to streamline the grocery shopping process, saving time and reducing the need for in-store visits. With a mobile-friendly design, the platform will be accessible across devices, ensuring a flexible, on-the-go shopping experience. This project is focused on enhancing customer satisfaction through quality, convenience, and an accessible digital solution tailored to modern grocery shopping needs.

Key

Sections:

This platform helps you to get groceries online without going anywhere. You can be at your home or anywhere or at anytime and get the order in 10 minutes

Outcome:

By providing insights into the best groceries and delivery services available,

The project will serve as a practical resource for people to make better grocery choices that suit their preferences and budgets.

CHAPTER - 3

Screen Shots OFF Web Page

The "24/7 Groceries Store" webpage boasts a clean, modern interface designed with HTML for structure and CSS for style.

CONCLUSION

CONCLUSION:

Technology has made significant progress over the years to provide consumers a better online shopping experience and will continue to do so for years to come. With the rapid growth of products and brands, people have speculated that online shopping will overtake in-store shopping. While this has been the case in some areas, there is still demand for brick and mortar stores in market areas where the consumer feels more comfortable seeing and touching the product being bought. However, the availability of online shopping has produced a more educated consumer that can shop around with relative ease without having to spend a large amount of time. In exchange, online shopping has opened up doors to many small retailers that would never be in business if they had to incur the high cost of owning a brick and mortar store. At the end, it has been a win-win situation for both consumer and sellers.
